

FLOOR SCRUBBERS

RS-48

P/N 700548

STONEKOR's RS-48 scrubber is designed for the largest cleaning challenges. This scrubber works very well for medium to large areas and delivers more than 370 pounds constant pressure at the brushes. The 75-gallon tank capacity offers long-lasting availability of cleaning solution that yields maximum autonomy. Our largest scrubber delivers superior cleaning performance for large facilities that demand maximum productivity.

Cleaning Area: 48 inches / 1220 mm

TECH SPECS
